

**BACC II Book**

Chapter 2. Past climate variability

Subchapter 2a. The Holocene (10000 yr)

Irena Borzenkova, State Hydrological Institute, Department of Climatology, Second  
Line,23,199053, St.Petersburg, Russia

## **2. Past climate variability**

### **Subchapter 2a.**

#### **Introduction**

#### **2a.1. Postglacial time (15.000 – 10.000 yr) in the Baltic Sea Basin**

2a.1.1. The warming interval c.14,6 kyr

2a.1.2. The Younger cooling c.12,7 kyr

2a.1.3. Rapid warming at the boundary the Younger Dryas/Holocene

#### **2a.2. Climate variability over the last 10.000 years**

2a. 2.1. Methods of paleoclimatic reconstructions

2a. 2.2. The climate over the Early Holocene time

2a.2.3. The Atlantic warmings

2a.2.4. The cooling trend of the Late Holocene

2a.2.5. Climatic variability over the last 2000 years

#### **2a.3. Causes of climatic changes in the Lateglacial-Holocene**

2a.3.1. Changes in the incoming solar radiation

2a.3.2. Gas composition in the atmosphere

2a.3.3. Others factors

#### **2a.4. Climate and ancient cultures in the Baltic Sea Basin**

#### **Conclusion**

## Preliminary list of the contributing authors

### **Prof., Dr. of Geography Dmitry Subetto**

Alexander Herzen  
Russian State Pedagogical University  
Moika 48, bl.12, Department of Geography  
St.Petersburg  
Russia 191186  
Tel.: +7(812)5700493  
Fax: +7 812 3144796  
Email: [subetto@mail.ru](mailto:subetto@mail.ru)

#### **Research profile:**

Lake sedimentation processes, lithology, palaeolimnology, palaeogeography, palaeoclimatology, geoecology, marine geology, Quaternary geology. Long-term study of the sediments from the Lake Ladoga and other lakes in the North-Western Russia

### **Dr. of Geography Tatyana Sapelko**

Institute of Limnology, Russian Academy of Sciences  
Sevastyanova st.,9  
St.Petersburg  
Russia 196105  
Tel.: +7(812)3878009  
Fax: +7 (812) 387 73 27  
Email: [tsapelko@mail.ru](mailto:tsapelko@mail.ru)

#### **Research profile:**

Palinology, paleolimnology, paleoclimates, geoecology, Quaternary geology, paleoenvironmental, reconstruction vegetation and climate in the Pleistocene-Holocene. Palaeolimnological and gearhaeology study (North-West and North Russia, White Sea area, Leningrad region, Kaliningrad region, Estonia and others).

### **Denis Kuznetsov**

Institute of Limnology, Russian Academy of Sciences  
Sevastyanova st.,9  
St.Petersburg  
Russia 196105  
Tel.: +7(812)3878009  
Fax: +7 (812) 387 73 27  
E-mail: [dd\\_kuznetsov@mail.ru](mailto:dd_kuznetsov@mail.ru)

#### **Research profile:**

Quaternary geology, paleoenvironmental, palaeolimnology; sedimentology, tephrochronology study (North-West and North Russia, White Sea area, Leningrad region, Kaliningrad region, Estonia and others).

### **. Prof., Dr. of Geography Olga Borisova**

Institute Geography RAS  
Staromonetny, 29

Moscow Russia, 119017, E-mail:[paleo@online.ru](mailto:paleo@online.ru) **Research profile:**Palinology, paleoclimates, Quaternary geology, paleoenvironmental reconstruction vegetation and climate in the Late Pleistocene and Holocene.
